

Table 1 Mechanical performance		
working height	9.10mm	160±25gf <2.1>
Durability	10000cycle	

1 Dimensions shall be interpreted per ASME Y14.5M.

2 Mechanical performance(See the table 1)

3 The force is the average of forces obtained when plunger goes downwards and upwards.

4 Total stroke : 2.3mm.

5 Electrical performance

6 Resistance: 30mOhm Max.Current rating: 3.0A

7 Fully compliant.
